OBJECTIVE

A highly motivated and passionate individual with a strong foundation in programming languages and web development. Seeking opportunities to apply my skills in C, C++, JavaScript, Python, HTML, CSS and Al fundamentals to contribute to innovative projects and gain further experience in the tech industry.

PROJECT WORK

Laundry Management System
- Developed a web app to manage laundry orders and customer data.
- Used PHP for backend and MySQL for database management.

Weather App
- Developed a weather app using React to display real-time weather data.
- Integrated an API to fetch weather information and display it to users.

Admin Panel
- Developed a responsive admin panel for managing data and users.
- Used HTML for structure, CSS for styling, and JavaScript for interactivity.

Password Generator App
- Created a password generator app with customizable length and complexity.
- Used React for dynamic updates and JavaScript for password logic.
- Designed the user interface with HTML and CSS for a clean and responsive layout.

Tic-Tac-Toe Game
- Developed a Tic-Tac-Toe game with interactive gameplay using React.js.
- Designed the user interface with HTML and CSS for a responsive experience.

SKILLS

Languages: C, C++, HTML, CSS, JavaScript, MySQL, Python, PHP

Frameworks/Libraries: ReactJS, AngularJS, Jquery, Bootstrap, Laravel, Wordpress

Fundamentals: DBMS

CERTIFICATES

- Star certificate of C language
- Star certificate of C++ language

EDUCATION

Diploma in **Artificial Intelligence** from **IANT, Pitampura**	2023-2025	Pursuing
Maharaja Aggarsain Adarsh Public School, CBSE, 12th grade	2022-2023	68%
Maharaja Aggarsain Adarsh Public School, CBSE, 10th grade	2020-2021	55%

I confirm that the information given above is accurate and authentic to the best of my knowledge.
